

# DEERFIELD

## PARKS and RECREATION

### 2020 SUMMER CAMP

### 6<sup>th</sup> GRADE PROGRAM

New this summer we will roll out a summer camp program for those entering 6<sup>th</sup> grade in the fall. Keeping in mind that they may feel “too old” for our traditional camp we are going to offer a different camp day for these middle schoolers ☺

This group will have different activities than the K-5 campers. They will enjoy a program that will encourage socialization, increase self-esteem as well as traditional camp activities & team building activities. With that we want to incorporate some leadership roles as well so we will buddy them up with some younger kiddos for about an hour or so in the morning for snack and buddy activity of their choice.

We have lots of trails in Deerfield for them to explore throughout the summer. We will keep track of the trails they hiked with a map for everyone to follow and mark progress.

Mondays we will offer an extra trip day this will be limited to 10 as we will use the P&R van during these trips. (trips will be finalized once we have kids registered) the can go on the regular weekly trips as space allows.

Veasy days will be as many as we can get in during the week this will be dependent upon van availability. I'm working on community projects for them to be involved with.

Since this is a new program it will develop as we get going as I want the kids to be involved in the planning.

\$30 daily rate
